

**Friday:**

- Finalize any remaining setup or prerequisites for the "Agreement Flow" section.
- Review the existing screens that will be reused.
- Begin work on the "Agreements tab selected from menu" functionality.
- Outline the flow and interactions needed for this section.

**Monday:**

- Complete the "Agreements tab selected from menu" section.
- Start working on the "Agreements listing screen."
- Implement the layout and basic functionality of the "Agreements listing screen."
- Ensure proper integration of the reused screens.

**Tuesday:**

- Refine the "Agreements listing screen."
- Develop the "Search bar active" functionality within the listing screen.
- Conduct thorough testing to ensure the search functionality works as expected.

**Wednesday:**

- Implement the "Filter Popup" on the "Agreements listing screen."
- Ensure correct application of filters and proper UI behavior.

**Thursday:**

- Work on the "Selected Filters Show" functionality on the "Agreements listing screen."
- Finalize the "Selected Filters Show" section.
- Test the entire flow, from selecting the Agreements tab to applying and displaying filters.

**Friday:**

- Conduct a comprehensive review and testing of the entire "Agreement Flow."
- Document any issues or areas for improvement.
- Make final adjustments based on testing feedback.
- Prepare for the next set of tasks or review the work completed during the week.
